Transportation Policy 2024

DOC-002 | Version 2.0 | SUPERSEDED

Historical applicability

Effective 2024-01-01 through 2025-12-31. This policy was superseded by DOC-001, version 3.0, effective 2026-01-01. It is not current operating authority.

OTIF target

The national OTIF target was 95% for 2024 and 2025. OTIF is on-time and in-full deliveries divided by total deliveries. The 2025 governance decision increased the target to 97% from 2026-01-01.

Historical service management

Transport category commitments and carrier review operated under historical procedures. Category-level delivery commitments for this period were defined in operational procedures and are not restated in this policy.
